

Our Concept

Harem is a luxurious getaway for women longing to reinvigorate the body, mind and soul. Our guests are invited to escape into an oriental paradise where they leave behind the stresses of the world and let themselves be pampered with massages, facials, footbaths, hammams, body masks, yoga, meditation and deliciously healthy meals. The concept of a harem, which in Arabic means 'forbidden', or 'kept safe', has been turned on its head to create a unique experience that is both fun and fulfilling.

At Harem there are no obligations, no restrictions, no demands, no complexes, and maybe most importantly, no guilt...since eighty percent of our profits go to a local charity destined to help young girls with their education and careers.

Harem promises to restore your own natural rhythms in an environment that is both luxurious and inspiring.

Our Guests

Our guests are women who rarely have time for themselves. They may have demanding careers, challenging studies, busy households, or often a combination of these. They are women who want to rediscover their femininity and strive for a healthy, sensual, balanced life. They have a taste for luxury, but they are also committed to improving the world around them.
